habeebahmadu1@gmail.com

PROFESSIONAL SUMMARY:

Solution-oriented and problem solver with 6 years of experience building aesthetically pleasing web and mobile experiences. Highly skilled in communication, collaboration, and technical documentation.

AREAS OF EXPERTISE:

- ✓ Front-end & back-end web development
- ✓ Code structure & architecture
- ✓ Web performance optimization
- ✓ Jamstack
- ✓ Agile software development
- ✓ Agile leadership or scrum master
- ✓ Source control
- ✓ Test driven development

PROFESSIONAL EXPERIENCE:

Polycraft

Software Engineer | January 2018 - Present

- Design, develop and ensure technical implementation of front-end components and user interfaces, using technologies like React, React Native and Next.js.
- Praised for reducing the number of technical support inquiries by 23% and increasing website's user retention rate by 13% in 2021.
- Coached over 50 junior developers on building responsive, performant and interactive web apps using Html, CSS and Javascript.

Path Electric

Web Developer | October 2016 - January 2018

- Designed, developed and implemented scalable, low-latency, high-availability and performant web applications.
- Ensured designs and code are well documented and suitable for use by customers and influencers and are ready to scale.
- Collaborated with the backend and product teams, share feedback from project implementations and influence the product roadmap and future microservice/monolithic architectures.
